24 April 2024

Dear Parents and Carers

I mentioned very briefly in last week's newsletter, that Challenge Partners (<https://www.challengepartners.org/>) were undertaking a peer led review of the school and I promised that I would follow up with the review report as soon as it was available. The report is attached with this letter.

The review has three potential outcomes: Leading, Effective and Working Towards Effective. Our review has evaluated us as Leading, supporting the 'Good' Ofsted judgement this time last year and our last Challenge Partners review in June 2022, which was also Leading. It is a credit to all of you, your children, our staff and governors that we have worked together across the last three years to achieve these outcomes. Especially, given all the increasing complexities within schools, the increasing challenges within schools that we continue to have independent voices who speak so well of our school, and your children, is a measure of how well so many your children are moving through these challenges.

Clearly though, this does create an additional workload for all staff in the school community and I would like to take the opportunity to publicly thank all my staff and the Governing Body for all their work in supporting the school day-to-day, and through three quite challenging inspections/reviews in three years, thank you.

As ever, thank you for your continuing support.

Yours faithfully

Mr K Flanagan  
Headteacher
