Headteacher: Mr K Flanagan

Dear Parent/Carer

### Science Revision Workbooks/Guides

In order to help Year 10 and 11 students prepare for their Science GCSE exams, we are offering the opportunity for students to purchase a variety of revision workbooks and revision guides at a reduced price. Having looked through the range of revision materials available, we have found what we feel are the best for our students.

The revision guides are available for students undertaking both combined and separate sciences. Every topic that student's study is explained in a clear and concise style — and there is plenty of advice on all the required practical activities, maths skills and working scientifically. There are also practice questions at the end of each page to test students on what they've learned.

Any students on pupil premium will have their books ordered automatically by their class teacher and do not need to reply.

The books are available in both higher and foundation tier. Your child's teacher will give them the book that they feel most appropriate, however this does not indicate the tier that they will be sitting in their exams.

Yours sincerely,

**Miss J Guest**  
**Head of Science**

---

Please return the reply slip to your science teacher and pay for your chosen revision guides and workbooks using Scopay **by Monday 28<sup>th</sup> October 2024.**
