Headteacher: Mr K Flanagan

Dear Parent/Carer,

Science exam paper drop in session

Beginning Monday 11th November 2024, students in year 11 will have the opportunity to drop into F3 and collect an exam past paper. Papers can only be collected every other Monday afterschool or at lunch time. They can have two weeks to attempt each paper and then handed in to F3. This will be marked by a teacher and returned to them with a mark and their teacher can provide verbal feedback. When they hand in their completed paper, they can also collect another paper if they wish too.

This is not a compulsory activity however is just an opportunity for students to have access to past papers and use this as a piece of revision material in preparation for their mocks and ultimately their summer exams.

Yours faithfully,

Miss J Guest
Head of Science
