### **Trial of Edulink One**

Dear Parents and Carers

To enhance how we share information and communicate with both parents and students, we have signed up to a trial of a new system; Edulink One.

Edulink One is a purpose-built web and app-based system that provides you with a central place to find out key details and information about school. This includes timetables, exam and behaviour for example.

We have access to Edulink One for the next fortnight and during this time we invite parents of Year 7 pupils to login the system and explore its features. An automated email will be sent to you shortly with your login details.

To access this new tool, you will need to either:

- Search for Edulink One from the Apple App Store or Google Play Store and install the App to a mobile device – you can have it on multiple devices if you wish.
- If you do not have a device suitable for the app, you can access the system through the website at <https://www.edulinkone.com/>

Some points to note:

- A user guide for parents will soon be available on our website under the 'Parents' tab.
- While we are currently only inviting parents of Year 7 pupils to try the app, if you have children in other years, their details will also be visible to you.
- Class Charts will currently remain as our primary system for recording achievement and behaviour points, as well as detentions.
- During the trial period we may not have the opportunity to make full use of all of Edulink's features, so some areas of the app may appear 'unpopulated' and even if we move to this system, we will take a little while to populate all aspects.

At the end of the trial period, I will contact you again to invite you complete a short, online survey about your experience with Edulink. Your feedback will be valuable in helping us to plan our next steps.

If you have any problems, please contact the school office.

Yours faithfully
