Dear Parents and Carers

Please find attached a survey written by Youth Fed, a charity that have partnered with 10 Wirral Secondary Schools and the Local Authority to support extra-curricular provision for all.

The survey seeks to gain your views, this will then help to identify a 'local offer' across the schools and potentially into local non-school groups and clubs.

Please could you ask your son/daughter/ward to complete the survey. We have also posted it into Teams for them to access it there.

The more we can gain from you, the more this will meet your hopes.

Yours faithfully
